Mayor, Chamber President Welcome Visitors To Full Week of Merrymaking

BY CHARLES P. BURGESS
Mayor of Menlo Park

Menlo Park, the fastest growing community on the Peninsula, welcomes you to our Centennial Celebration.

To our guests for a week, we extend a hearty greeting and pledge ourselves to go "all-out" in making your visit one to be remembered. Menlo Park's friendliness is as famous as her climate and her desirability as a place in which to live. I am sure that everyone who "drops in" for our celebration will agree on that point.

We have spared no effort to make this celebration a success. Besides celebrating the state's Centennial birthday, we are making use of this occasion to mark the completion of our Parking plaza just off Santa Cruz avenue, which also serves as the Centennial Celebration grounds.

We feel that this modern facility to relieve traffic congestion and make motoring a pleasure rather than ordeal is typical of Menlo Park's forward-looking policy of municipal planing.

Thus, our celebration has a dual function. To honor the stat's 100th [illegible] look back [illegible] our own city history and, secondly, to give everyone an opportunity to get an understanding of what Menlo plans for the future. Our Plaza is just one of numerous developments aimed at keeping pace with our rapid growth, both residential and commercial.

We want to make Menlo Park the ideal comunity in which to live, work and trade. All of you are invited to join us this coming week, enjoy yourselves to the utmost, get acquainted with us and get an understanding of our plans for the future.

My fellow members of the City Council, all our public officials and the entire comunity join me in extending this hearty welcome.

BY DANIEL HAYES
President, Chamber of Commerce

The Chamber of Commerce of Menlo Park is proud indeed to extend a hearty welcome to all on the occasion of our Centennial Celebration June 13 to 19.

Our organization is proud for two reasons: First, we are privileged to join in a general civic spirit of opening wide our arms to the many people who will visit Menlo Park in the coming week. Second, we in the chamber have a great satisfaction in that we were able to serve as sponsors of this fine community undertaking. There is much gratification in seeing our efforts so well rewarded.

We realize that a community celebration such as this one about to begin can be only as successful as the spirit and work that goes into it. This has been a truly joint community effort participated in by all, businessmen both large and small, clubs, churches, school groups, professional men, public officials . . . in short, everyone.

Every individual, every group that has given so freely of time and effort, may be sure that when our celebration closes it will go down into history as a tangible illustration of what a growing, modern-minded and forward-looking city can accomplish.

During next week, we are going to have as our guests many thousands of persons. Many of them will come from points beyond our own Peninsula are, many more from our neighboring cities.

I am sure that their stay here and the entertainment we will provide them will be long remembered and that they will return to their homes with a lasting and pleasant impression of our city and its people.

To all, a heartfelt, good old western welcome!

Everyone Loves a Parade!

June 19 Procession Will Be One Replete With Color and Pageantry

Everyone loves a parade!

And Menlo Park residents along with thousands of visitors will be no exception on Saturday, June 19, when the Centennial Celebration reaches a climax with a noon parade.

B. Frank Thompson, celebration manager, promises the parade will be one to remember . . . replete with color and pagentry. Mose than a score of entries have been received. They include some of the best-known parade units in California, among them the famed Aahmes Shrine Mounted Patrol and the Half Moon Bay Spanish Dons.

Parade director and organizer is William "Blue Print Bill" Moulthrop of San Francisco, parade director for that city for 29 years and director of the famed pageant staged between halves of the annual Shrine East-West all-Star football games at Kezar stadium New Year's Day.

Moulthrop, astride his famous black horse, will be at the head of the procession.

Parade staff officers are Mel Glindeman, John Heaphy, Harold Himmelman, Ed Zwierlein, mounted

SORRY WE'RE LATE

Because of mechanical problems beyond our control, the RECORDER was late in coming off the press. Unprecedented demands upon our printing plant because of the centennial celebration made the delay unavoidable. All we can say is we're sorry we're late, but hope that we have made up for it by putting a great deal of extra effort into this Centennial Edition.

Menlo Eagerly Awaiting Sunday Inaugural Of Centennial Attractions

Only 72 more hours to go!

And then Menlo Park launches into a memorable week in its long history . . . the Centennial Celebration.

All is in readiness for a full weeek of grand entertainment, colorful pageantry, and community fun mingled with the solemn note of paying tribute to the memory of pioneers who founded this area.

Menlo, already in festive dress . . . gaily bannered streets and colorfully dressed citizens . . . will officially open the week's program at 2 p.m. Sunday, June 13, when the Plaza parking area will be officially dedicated. Plaza grounds, taken over by the celebration, will be opened to visitors at 10 a.m. that day.

From that time on, there will be a continuous round of events both at the Plaza and elsewhere, including dedication of Nealon Park and an accompanying baseball game Sunday afternoon.

What was first planned as formal dedication of Menlo's modern off-street parking facility has grown into an all-out centennial celebration.

The Plaza dedication at 2 p.m. Sunday will include talks by Mayor Charles P. Burgess, Chamber of Commerce President Daniel Hayes and Miss Doris Treat of San Andreas, grand president of the Native Daughters of the Golden West.

Besides the dedications of the Plaza and Nealon Park, Sunday's opening day program will be a full one. The Peninsula Symphony Orchestra, conducted by Menlo Park's Nathan Koblick, will give a concert at the Plaza grounds at 2:30 p.m.

Entertainment by the Symphonaires, directed by David Stevens, will follow. American Legion baseball teams will be introduced at 5 p.m., and the Raymond Circus will take over half an hour later.

The Dorothy Roberts Studio Show will be presented at 6:30 p.m., with

Peninsula Symphony To Give Concert At Sunday Opening

A treat for lovers of fine music will be given on the opening day program, Sunday, June 13, at the Centennial Celebration, when the Peninsula Symphony orchestra will play a free concert at 2:30 p.m. under direction of Nathan Koblick of Menlo Park.

The orchestra had the distinction of opening the season of "Music on the Peninsula" with a well-attended concert last Sunday at Burlingame high school.

Sunday's centennial concert program will include the "Overture to Oberson" by Carl Maria von Weber; "Symphony in E Flat Major, No. 3 (Eroica), Op 55, by Ludwig von Beethoven; the "Carmen Suite" of Eizet; "A Night on Bare Mountain" by Modest Mussorgsky, and "Prelude to Die Meistersinger," by Richard Wagner.

Soloist will be Ann Victor.

The RECORDER Page One, like Menlo Park itself, "goes Centennial" this week. The celebration beginning 72 hours hence is the biggest news of the week, so we've devoted the entire front page to the coming fete.

Not only on this page but on others, you'll find complete news of the celebration—the day-by-day program, stories on events and entertainers, pictures, in fact, a complete coverage of a week that will make history.

SCHOOL PROGRESS MADE

Trustees of the Sequoia Union High School district now have proceeded to do formally what they have favored . . . both on and off the record . . . in previous personal statements. They have decided to acquire the Donohoe property along Middlefield road in preference to taking a chance on getting an adequate amount of Dibble Hospital land for the new south county high school.

During the recent campaigns for the $1,250,000 high school bond issue and for the election of two trustees, statements were made favoring immediate steps to get the Donohoe property rather than accept the 10 acres available at Dibble with no assurance necessary additional ground could be obtained for a modern, space-demanding high school plant.

We believe there is soundness in the decision so to proceed. Trustees have been advised by Stanford University there is no assurance when Stanford Village can be relinquished and thus make more land available for a school site at Dibble.

Mayor Charles P. Burgess of Menlo Park, who takes office on the school board July 1 and who attended the recent meeting at which the board decided to acquire the Donohoe property, explained it is felt that four years hence, the 10 acres available at Dibble would not be nearly enough. Thus, he said, the district might go ahead on the projected million-dollar plant and find there was not adequate room for the extensive facilities that are planned.

The Donohoe property includes 29 acres off Middlefield road across from Dibble against which condemnation was started more than a year ago. Besides completing condemnation proceedings, the school board will negotiate for an additional 10 acres fronting on Middlefield, thus seeking a total of 30 acres bounded by Middlefield and Ringwood. The price is estimated to be $60,000 and that sum already has been earmarked by the board.

The Dibble property, of course, would cost a great deal less under the discount allowed for educationl use of such land. But, as Mayor Burgess pointed out to us, a $60,000 investment for an adequate site should not stand in the way of getting the best plant possible when a total of around one million dollars is involved.

It is in the best interests of the school district as a whole and particularly for Menlo Park to decide on a site without delay. It must be one place or the other. Acquiring a site alone takes some time, and any steps toward actual construction must await that initial action.

Certainly, it would be hard to find a better site than the Donohoe property, with its almost unlimited possibilities for expansion of a plant and its natural beauty for a campus.

A FINAL REMINDER

Next week brings more than the Centennial Celebration to Menlo Park. On Tuesday, June 15, there'll be the opportunity for registered voters to decide on whether the city is to have a recreation area and civic center at virtually a give-away price.

The election is on a bond issue, advertised at $150,000 by finance, but actually for $99,000 by reason of cancellation of bonds above that amount. The lower figure will cover the estimated $85,000 cost of Dibble Hospital land and buildings for the project, and leave $15,000 over for developments such as better access roads, a wading pool, remodeling and improvement of buildings for recreation and municipal offices.

Such an opportunity won't be offered again. If the bond issue fails, the city's only choice will be the construction of municipal government facilities at a far greater cost.

A "Yes" vote in a two-thirds majority MUST be obtained June 15.

THE JUDGE SPEAKS

John A. Sullivan, people's choice for "judge" in next week's celebration, has officially thanked the electorate that placed him in office. He expressed his gratitude and announced his associate jurists in the following letter to the RECORDER:

"I want to thank everyone for the great honor of electing me judge for the Centennial Celebration. The work is going to be great and more than one judge can carry himself. In order that justice may be meted out in a speedy and efficient manner I appoint as associate judges Tod Ward, Bob Cain, George Terhune and Wallace Brown.

"Menlo Park is going to have lots of fun and I only hope that those who are fined by a judge take it in the good spirit of the occasion.

RATIOCINATIONS

LOUIS J. STELLMAN

Little as I enjoy adding to the publicity of a burly colored gentleman with a magnificent voice and a college education—and old as the incident is as news—I feel that his indulgence of belligerent defense mechanisms before a Congressional investigating committee is too significant to be ignored.

It is not my purpose to intrude a racial issue into this discussion. I like, honor or despise people, according to what I consider their merits and values. Pigmentation has no part in my estimates. That Paul Robeson has made excellent use of his talents and provided much in the way of musical entertainment for not only an American but a world public, I should be last to deny. That he boasts of his many "dear" communist friends, of his Russian-educated son and displays his martyr-like disdain for an American parliamentary group, seeking legitimate information, I find it more difficult to admire. And I am uncertain whether his refusal to state his relation toward an avowedly subversive political body is pure bravado, a secret hope that he will be jailed and become a poular hero in certain quarters, or just damned foolishness. I do not consider the answer important, except in such a measure as it involves the attitude of a number of supposedly-intelligent movie writers and the like whose gestures Mr. Robeson appears to be copying.

Their attitude doesn't seem to "add up". If they are Communists, that is their privilege in this genuinely democratic commonwealth, and they ought to be proud of it—at least not ashamed. And everybody knows they not be afraid, because we don't put people in jail or rob them of a chance to live because of any ideology, however foreign to our own. And so, presumably, having no cause for alarm, why don't they have the common sense and intestinal fortitude to answer? What application of personal liberty or what constitutional right are they defending? What are they gaining by an attitude of surly, pompous non-coperation?

If I were to hazard a guess, I'd say that, directly or indirectly, they got the word from Moscow, "Make all the trouble you can. Shout and gesticulate as violently as possible about the Facist methods of Capitalism. Go to jail, if you must. It all helps".

What the poor dopes do not understand that it helps a Police state where you can't raise your voice above a whisper against established government. They are so elated by the sound of their insolence while telling their betters and, in a sense their country to go to the devil, that they are deaf to all warnings of logic or reality.

If Mr. Robeson or the Caucasian pinks and fellow travelers he seems determined to emulate has answered "Yes, I am a Communist. And, what are you going to do about it?" most people would have honored their courage and candor, however much they might disagree with their choice. Had their answer been "No," both Congress and the public would, doubtless have believed them and acquitted them of subversive intent. As it is, they stand suspected of a treasonable allegiance to enemies of their country and a pusillanimity in the matter of asserting their convictions which is deplorable if nothing more.

Your City's Business

By MAYOR CHAS. P. BURGESS

No doubt the readers of this column are wearied by the constant repetition of the Dibble theme, but I should like to beg their patience once again, for next Tuesday the issue goes to the voters. The highlights of the proposal have been well publicized; the need of a recreation center for the community, the need of the city to own its own home and workshop, the reduced price of $85,000 being equivalent to the value of the 28 acres of land alone (giving the city the improvements which cost over $300,000 for nothing), the cancellation by the city council of $51,000 of the 150,000 bonds to be voted upon as a result of the reduced price, the elimination of the Lighting District tax rate which more than offsets the Dibble bond issue tax rate, and the fact that the cost of purchasing land and constructing a city hall, police station and corporation yard (a necessity in the near future if Dibble is not acquired) would alone cost more than the entire Dibble price.

Perhaps not emphasized sufficiently is the broadening scope of activity of the Menlo Park city government, made possible by our growth.

Four years ago our streets were wearing out rapidly and our maintenance was negligible. Our street department consisted of an ancient truck and an oiler, with only one employee and no actual street superintendent. There are now three employees with roller, blade, tractor, sweeper, a large truck and other equipment added to our original plant. In the past three summers there has been an extensive resurfacing program covering most of our city streets. With the equipment problem largely solved and with the worst of our maintenance problem behind us, we are now in a position with our enlarged resources (coming from growth and annexation) to do something about the recreation needs of the young people and adults of our community.

Our budget for the next fiscal year will provide for the first time for a full-time paid recreation director as well as a part-time playground supervisor. Many people have recognized the need of such supervision for some time but the city's resources within its one dollar tax rate limit, together with its police and street maintenance responsibilities, did not heretofore permit.

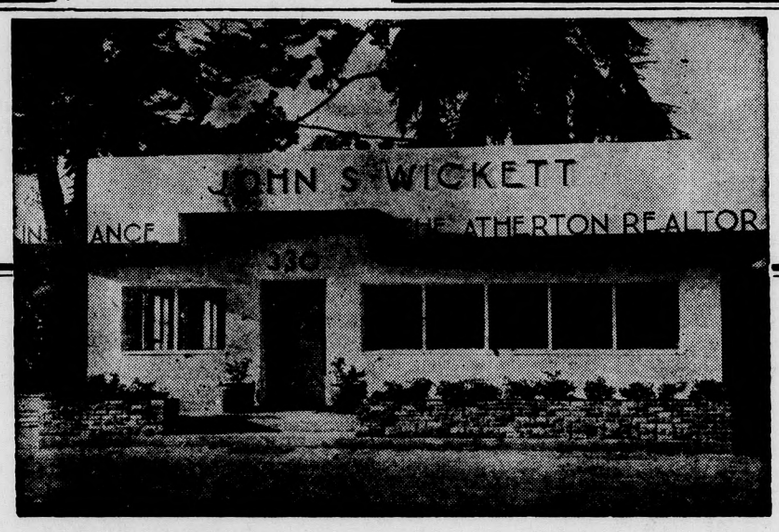

As yet the Dibble plant must be self-supporting to a large extent from swimming pool revenue and rental of the buildings. As our city continues to grow, however, our recreation program can grow without increase in the cost per taxpayer. With the fine Dibble plant in which to operate, these recreation activities will constitute an advertisement for our city that will repay our residents many times over in increased property values and increased business and greater opportunities for local employment. Yet a recreation program is something we owe our young people, and should provide for them regardless of other benefits. If we do not give our youth an opportunity of directing their energies in constructive directions, we are guilty of adult delinquency.

So let's all remember that a vote for the Dibble bond issue next Tuesday, the 15th, is a vote for an ever better Menlo Park. Let's make it unanimous!

Sports Figures At Boys' Day June 14

Top celebreties of the sports world will arrive in Menlo Park Monday for the big boys sports day planned for that day at Flood Park under the cosponsorship of the Palo Alto Live Oaks Sports Club and the San Mateo County Recreation Department.

The show is being put on as part of the Menlo Park Centennial celebration and everything is absolutely free, according to Floyd Lowe, PALO club president.

Marchie Schwartz, Stanford football coach, is director of the affair, and has lined up the following big names of sports:

Norm Standlee, L. T. (Buck) Shaw, Alyn Beals and Hank Norberg of the San Francisco 49ers; Jim Pollard, Bob Feerick and Don Williams, outstanding basketball stars; Lefty O'Doul, Dell Young and Con Dempsy, San Francisco Seals, and many others.

Ralph Shaw, county recreation department head, has arranged for the Flood Park pool to be thrown open free to all boys attending.

The program will start at 4 p.m. with swimming and something will be doing every minute until the close at 8 p.m.

Free pop, ice cream and hot dogs will be served to every boy attending and their will be no charge for the show. The entire expense is being paid by the PALO club members.

Handling the food will be Jimmy Saitta, Souther Pacific concessionaire.

'Mellerdrammer' Is Staged by Guild

A prelude to the Centennial Celebration, "Bertha, the Beautiful Typewriter Girl," an old fashioned 'mellerdrammer," was staged last night by the Menlo Players Guild at the Stanford Village Theatre. It will continue through Sunday night, June 13, opening day of the celebration.

Last night's opener was featured by oleo acts. There was a can-can dance by Thelma Oliver and Amy Gilbert, toe-tap dance by Rose Ann Saylor, old time ballads by Ollie Halus and community singing led by Bert Barber.

The show will be repeated tonight, Friday, Saturday, and Sunday nights at 8:30 p.m., under direction of Robert J. Bettencourt. Tickets are available at M P Fine Foods, the Centennial office at the Plaza and the Peninsula box office in Palo Alto, or by calling Mrs. Jane George, P. A. 2-7301, evenings.

A months trip to New York will bring Mr. and Mrs. Paul Kohler and young son Paul Jr. home again driving a new 1948 car.

Cub Pack 64 held monthly meeting at Los Lomitas school last week; plans were made for a picnic to be held at the Hidden Villa Ranch this coming Saturday. At the meeting the boys played games and a cup was awarded to Den 1 for wining baseball team against Den 2.

To visit a month with relatives in Milwaukee; Mrs. Robert Tanner and children Bobby and Marie Louise left last week in a flurry of excitement. They are driving back.

Mrs. T. P. Searles and son Steven left last Saturday for a Grass Valley vacation.

Mrs. Nona Green of Kuna, Idaho, is here visiting her mother and father, Mr. and Mrs. C. H. Bell and sister Dorothy; also from Idaho (Boise) are Mr. and Mrs. Roy Treet, spending a few days with the Bell family. Expected next weekend from Tucson Arizona, is Mr. Bell's cousin Marvin Bell and his family.

The Harrington family has been building its own home and is almost ready to move in.

Mrs. Charles McCammon was the honored guest at a dinner party, Saturday night given at the home of Mr. and Mrs. D. O'Connell of Ashton avenue. The occasion was a "going away" party. Mrs. McCammon and daughter Caroline, 14 months old, will leave on the City of San Francisco for Burlington, Iowa, her home town, to visit relatives and friends for six weeks. Mrs. McCammon will take delivery on a new car and will drive thome. Guests at the dinner party were: Mr. and Mrs. J. J. Voye, Mr. and Mrs. Roy Trail, Mr. and Mrs. Andrew Anderson, Mr. and Mrs. Al Davis, Mr. and Mrs. Charles McCammon and Mr. and Mrs. Dan O'Connell.

The R. Hofvendahls and daughter Laurie moved this week to San Jose. Home from a week's vacation in the Redwoods and Clear Lake—Mr. and Mrs. L. Nucholls . . . Speedy recovery wished little Georgie Leslie, who has the mumps.

Emily Murk 9 years old, will be leaving about June 20 for a five-week vacation in Mexico; traveling with family friends . . . The Milans on week's vacation.

Mr. and Mrs. E. Mathews of Avy avenus recently returned from a trip to Hawaii. Mr. Mathews of the C.A.A. at Mills Field was sent on business and Mrs. Mathews went along. The Mathews had a weeks vacation and a wonderful time! They stayed at the Moana Hotel at Waikiki Beach.

Duncan Ferguson, 10-year-old Los Lomitas student, won two places in the Junior Olympics held at Palo Alto Field last Saturday. Baseball throw in class C and also the 50-yard dash. Prizes won by Duncan were a pair of roller skates and a baseball.

Rained out in the Stanislaus River country, last week, were Colin Leslie, Keith Leslie and Don Meads. After a full day of panning for gold the rain pushed them to shelter in a barn. Groping around in the dark the threesome found a space to get some shuteye—uh-Huh! The night noises took physical form as the dawn crept in. . . horses, cows, and oh, so many oinking pigs! These were their barn mates all night. Keith came home with a few flecks of real gold which made up for the night spent in a countryside zoo, instead of sleeping under the stars as they had planned!

The newly weds will live in Nebraska for the next two years. Bill has been working on a construction job there.

Elizabeth Dole celebrated her fourth birthday Monday at a birthday party given at the Menlo Circus Club by her mother, Mrs. Jean Dole Wickett of Atherton.

Elizabeth's 13 friends arrived at the party at 3:30 and went wading and boat floating at the Club's wading pool. There was a big birthday cake later, with lots of ice cream and punch.

Proceeds from the affair will be given to the Stanford Day Nursery

LEGION BASEBALL

Compiled by Bill Farrell

With Tom Del Sarto racking up 16 strikeouts, allowing four hits and issuing seven "Annie Oakley's," the fast-stepping Legionnaires moved up another rung on the ladder as they topped San Carlos, 5 to 2. Jack Piccoli, hustling catcher, notched two doubles in four trips to lead the hitting. Piccoli, "Boots" Blaisdell and John Crawford drove in the Menlo Park runs.

Tom Del Sarto racked up a triple, but missed the bus stop at second base and was called out. San Carlos miscued once and Menlo came out with two errors. Batteries: Del Sarto and Piccoli; Samoni and Stuart.

Rinke of San Carlos hit two for four to lead the Carlans. Samoni collected 14 strikeouts and walked six.

* * *

Next Sunday at Nealon Park, Joe Kelly's Legion tackles the tough San Mateo Club for what may be the battle for the pennant. San Mateo boasts such stars as Bill Offield, who will pitch against Del Sarto, and shortstop Sal Campagno, who tossed a 365-foot homer over the fence in the All-Star game at San Jose last Thursday. Game time is 2:30.

SOFTBALL

	Won	Lost
J and A	1	0
Firemen	1	0
Serv-Well	1	0
Sport Shop	0	1
Oasis	0	1
Menlo Motors	0	1

J and A moved out on top in the opening games with a lopsided 17 to 6 victory over the Sport Shop. Minus a pitcher, the Sport Shop went apart at the seams and J and A, flitting around the bases in their beautiful new pants, had an easy night of it.

The Serv-Wells put a few knocks in the Menlo Motors and coasted in, 14 to 7.

The surprising Firemen, playing good ball, riddled the Oasis to come out with a 5 to 3 win.

The Merchants, in an all-star game on Friday, defeated Congers of Palo Alto, 7 to 4.

Junior Baseball

St. Francis and St. Joseph, the charges of Father Ryan and Father Harper, respectively, staged a close contest at St. Joseph's field. Up until the fifth inning, the score stood 3-all and an error on second let in a run to give St. Joseph a 4 to 3 win. Dave Hatcher, St. Francis pitcher, had seven strikeouts to his credit.

DAUGHTER BORN

Mr. and Mrs. Thomas E. Miner, 745 Olive street, Menlo Park, announced the birth of a daughter, Dorothy Mary, on June 2 at Mills Hospital. The Miners have one other child, Martin, 2.

CONSTIPATION

Ninety-five percent of all disease, regardless of specific name applied, is the result of lack of bodily force to the affected part. To determine the cause of this deficiency we must look to the point of generation and mode of transmission of this force to different parts of the body.

The intestines, as well as every tissue of the body, is normally supplied with **vital energy which eminates from the brain and is transmitted to the intestines through nerve fibers.** It is when this life energy is not properly supplied to the tissues that constipation is manifest.

Chirapractic by simple adjustment **releases life forces** within the body, sets free rivulets of energy over nerves and **lets nature do her work** in a normal manner.

A trial will convince you.

Thumbnail sketch of Frankie Carle:

Carle of the "golden touch" on the piano was born in Providence, R.I., first wanted to become a boxer, held first job selling in a department store . . . his last job outside the music business. Began study of music when eight years old, and wrote his first song at 13. Joined show business by leading a band, then played with Horace Heidt, who introduced Carle's composition, "Sunrise Serenade." Carle stayed with Heidt for some time, playing at leading spots in the nation and made over 259 recordings.

He formed his present music organization in 1943 and opened in the Hotel Pennsylvania in New York. His band is now regarded as tops among the hotel and theatre trade.

Frankie's wife, Edith, once was a women's amateur golf champion of New England. They have one child, Marjorie.

Parade To Feature 'Goofy' Costumes

An added event in the Plaza program at the Centennial Celebration is a "goofy costume" parade for children at 2 p.m. on Friday, June 18, which has been designated Youth Day.

Any sort of costume qualifies for the event. The "wilder", funnier and more grotesque, the better, say celebration officials.

Youngsters in their costumes should be at the Plaza grounds entrance when the gates open at 2 p.m. Friday. Prizes will be awarded.

BILL MOULTHROP ADDS COLOR TO CELEBRATION

When the Centennal Celebration parade winds its way through Menlo Park on Saturday, June 19, the colorful figure astride a horse at the head of the procession will be William "Blue Print Bill" Moulthrop of San Francisco.

He has been parade director in the city for 29 years . . . a familiar figure to hundreds of thousands of parade spectators. He also is the man who stages the famed pageants between halves of the annual East-West all-Star Shrine game at Kezar stadium in San Francisco.

Thumbnail sketch of Howard Fredric:

Born and reared in San Francisco, Howard was seven when he took up study of music under tutelage of his mother, a retired concert artist. When he was 11, he was making public appearances.

Howard, who plays both trumpet and piano, formed a band at San Jose State College in 1937 while he was a student. While he was piloting his own band over the hard road to success, he filled in with jobs with such music organizations at Jan Savitt's, George Alsen's and Russ Morgan's.

A school dance gave Howard's own band its first real break. An agent heard it, liked it and a series of bookings followed. Now, the "Band of Gold" and its motif of sweet music, is firmly established on the west coast.

ZWIERLEIN DIRECTS JUNE 19 HORSE SHOW

In charge of the horse show at Nealon Park at 2 p.m., Saturday, June 19 . . . an important event of the week's centennial fete . . . is Ed Zwierlein, Palo Alto businessman and president of the San Mateo County Horsemen's Association.

Zwierlein will be on the reviewing stand to anounce the show units as they pass in review. He is an experienced horseman and an experienced director of shows.

ARMED FORCES EXHIBIT WILL BE OPEN DAILY

Provided by cooperation of army officials, a notable feature at the Plaza throughout the celebration will be an armed forces exhibit of ordnance and other equipment.

The exhibit will be opened to the public daily at noon Sunday through Friday, and at 11 a.m. on June 19, Saturday.

ROGERS NAMES DEPUTIES TO NAB OFFENDERS

Ghost Comes To Life—Loudly!

Fire Commission Gets Oral Fireworks On Proposed Station Site Purchase

The ghost of the Hoover street fire station site controversy came to life unexpectedly when the Menlo Park Fire District commission sat down to a routine monthly meeting Tuesday night and found itself with oral fireworks on its hands.

The pyrotechnics were provided by a group of residents of the Hoover-Oak Grove avenue neighborhood who gave the commission meeting an unusual adjunct—a highly vocal audience.

Before the session in the Central fire station was over, the commission had been subjected to some scathing criticism and in turn had informed the group on these two points:

1. The site for a proposed new central station at Hoover and Oak Grove has been purchased—irrevocably—but no construction is planned for several years..

2. If protestants can find another site obtainable in the same area for no more than was paid for the controverted one, the fire commission gladly will build there.

The meeting brought out one other point heretofore not made public: That the commission has been given legal advice no use permit will be required to proceed with construction of the projected new station.

This disclosure came as a surprise to persons attending the session, inasmuch as opponents have announced they will battle any issuance of a use permit under the new Menlo Park zoning ordinance.

The disclosure came as an answer to question as to whether the commission, which contends it acted to protect the district by obtaining a site as reasonably as possible, considered it a good investment to purchase land with no assurance it could build there because of requirement of a use permit.

Chairman Malcolm Paterson replied the board had been advised by the district attorney's office that no permit was required.

However, Menlo City Attorney James T. O'Keefe Jr. declared yesterday that a use permit must be obtained before a station can be built and that on such a controversial matter, the planning commission would hold a public hearing before taking action on request for a permit.

Leading the residents' group in discussion at the meeting were Mrs. Mary Alice Sullivan, 704 Oak Grove avenue, and Sam Setrakian, 1259 Hoover avenue.

Both asked the status of the site and were informed by the commission that the purchase has been completed. But they were assured that purchase did not absolutely mean construction; that no new station is planned for at least two or three years and that another site would be used if obtainable reasonably in the Oak Grove-Hoover area recommended by the National Board of Fire Underwriters.

Setrakian objected principally to noise of a siren at the proposed station, but was told no siren is planned there. He also objected to citizens being treated "like trained animals," as he termed it, in not being informed of fire commission plans for a site before one was bought.

Setrakian became so vehement in voicing his dislike of the purchase that at one point, Paterson advised him to "see Dr. Smith (circulator of a recent petition protesting the purchase) and get a sleeping pill" if Setrakian feared being kept awake by a siren.

Mrs. Sullivan said she was "surprised three business men like you (the commissioners) would buy the site." She offered to find another site. The commission said it would welcome such action.

Mrs. Sullivan said that Mr. and Mrs. F. C. Beach, from whom the commission bought the property, had told her they did not want to sell and faced condemnation of the property if they didn't sell.

The commission then went on record with an emphatic denial that condemnation ever had been threatened or even considered.

Commissioners also denied in particular a statement made by Beach two weeks ago that condemnation had been threatened. They declared they do not propose to use condemnation proceedings in any property purchases.

At times,. several people were speaking at once and while tempers sometimes were on edge, there was laughter too as statements were tossed back and forth.

It all wound up with Fire Chief Thomas cuff placing a statement in the record commending the commissioners for unselfish and sincere devotion to public duties and declaring the board's only interest is to give good fire protection.

The whole affair then ended with Paterson asserting: "We'll stand on our record," and everyone shaking hands all around. The group, which was thanked by the commission for appearing to air its views, included besides Setrakian and Mrs. Sullivan Mrs. F. I. Kurtz, 1326 Hoover; Mrs. L. Devincenzi, 1340 Hoover; Mrs. G. Ardizzoia, 690 Oak Grove; Mrs. S. Bush, 1220 Hoover and Mrs. C. M. Moroney, 1242 Hoover.

In other business at the meeting, the commission:

1. Heard a report by Cuff of a favorable test made of the pumper truck purchased last week from War Assets Administration.

2. Heard a report by McNear that it appears a $10,000 surplus can be carried over into the new fiscal year beginning July 1.

3. Received a financial statement showing that in the first 11 months of the current fiscal year, receipts amounted to $145,630, including $138-397 in taxes. Disbursements in the same period were $128,312, including $71,299 for salaries and wages, $48,927 for maintenance and operation and $8084 for purchase of land and equipment.

4. Heard a report by Cuff that arrangements have been made for equipment of the Menlo district to take part in an exhibition at the Centennial Plaza June 16, which also will be joined by the famed drill team of the San Francisco fire department.

5. Received a report on May activities showing the district had 24 calls, of which 17 were for fires. Ten new hydrants were installed during the month.

Dibble Bond Group Climaxes Drive

Emphasizing that voters will ballot actually on only $99,000 of bonds, although the amount appears as $150,000, a Menlo Park citizens' volunteer group this week carried to a climax its drive to obtain a two-thirds favorable majority in the civic center-recreation area bond election Tuesday, June 15.

At its meeting last Tuesday night, city council adopted a resolution canceling all but $99,000 for the proposed issue—a sum sufficient to pay the anticipated $85,000 price for 28 acres and improvements on Dibble Hospital land and leave $14,000 for remodeling the property for city offices and a recreation facility.

The citizens' group has arranged for transportation to polling places for voters desiring the service. A telephone call to the City Hall, P.A. 9332, is all that is necessary to obtain transportation.

Polling places will be at City Hall and Fremont School, and will be open from 7 a.m. to 7 p.m. June 15. All registered voters, regardless of whether they are property owners, are eligible to vote.
